

Day 1

Sample Itinerary:

**Below is a general outline of our Mining History and Village Life of Baja Day Tour itinerary. Please note that this is our ideal schedule; however it may be adjusted due to weather or other items outside our control. Your adventure consultants and guides will brief you with any updates prior to your departure.*

8:30am Meet in the Hotel Lobby

Meet at our designated hotel lobby to meet your Sea Kayak Adventures guides. **Please have breakfast on your own before meeting the group as it is not included in your itinerary.*

9:00 am - 3:00 pm Explore El Triunfo and San Antonio

Our tour departs La Paz by 9:00 am and drives southwest to the mountains. We stop in El Triunfo to visit the Museo Ruta de Plata with excellent exhibits about the mining history of the area. We explore on foot to see the massive smelter chimneys and other ruins of the mine that closed in 1926.

From here we head to San Antonio, just a few miles away. A local community tourism project is developing, and we support this by our visit. As well, we enjoy lunch in the home of a local family, with a chance to learn how to make tortillas. After lunch we walk on one of the new trails that the tourism development project has created. This is an immersive look into life in the mountains of Baja while also continuing to learn about the mining legacy of the area. We return to La Paz by late afternoon.
